Cardiogenic Shock: An Update

given by:

Prof. Dr. Holger Thiele, MD FESC

*Medical Director of the Department of Internal Medicine/Cardiology,
Heart Centre Leipzig, at the University of Leipzig, Germany*

Prof. Dr. Holger Thiele is the Medical Director of the Department of Internal Medicine/Cardiology at the Heart Center Leipzig at the University of Leipzig, which is one of the largest heart centres in Europe. He is full professor of cardiology at the University of Leipzig, and he is also the president of the German Cardiac Society (term 2023-2025).

His main research interests are acute myocardial infarction, acute heart failure, cardiogenic shock, mechanical circulatory support, acute cardiovascular care, interventional cardiology, and structural heart disease. He has been the guideline chair of the ESC NSTEMI-ACS guidelines 2020.

Professor Thiele has published over 780 articles in international scientific journals such as the *New England Journal of Medicine*, *The Lancet*, *JAMA*, *Circulation*, *JACC*, and the *European Heart Journal* with a cumulative impact factor of >9000, h-index 123. He has received multiple awards from the German Society of Cardiology and other organisations. Furthermore, he has been awarded as most cited researcher in 2020, 2021 and also once again in 2022.
